➔ Eggs Nicked!

It's only a week since I posted news of [The Big Egg Hunt London 2012](#) ([CLICK](#)) and already two of them have been stolen: Benjamin Shine's [Egg Letter Box](#) and [Natasha Law's Hatch](#) (title link). The latter had raised an online bid of £300 for charity. There are some scumbags living in London. We're not allowed to deport them, because of their human rights.
