

# GIVENCHY X BENJAMIN SHINE

FASHION

British artist and designer Benjamin Shine has collaborated with Givenchy on a unique series of garments, bringing together art, sportswear and Haute Couture. Givenchy's creative director Riccardo Tisci has chosen Benjamin Shine to continue challenging the rules of couture. This series is a reinterpretation of the brand's iconic SS13 prints. The Madonna and Madonna And Child iconography is revealed through subtle manipulation of a single piece of tulle. This hand-made technique pushes the idea of Givenchy's signature printed sweatshirts and T-shirts to an ultimate form of expression.

These one-of-a-kind pieces will be made-to-order from Givenchy's Haute Couture salons.
